

Capture the Cache is a photography competition hosted by the Cache la Poudre River National Heritage Area to showcase in an exhibit: *Capture the Cache Exhibition*.

Photographers of all skill levels are encouraged to get outside and take snapshots inspired by the vibrant beauty, culture and heritage of the Cache la Poudre River National Heritage Area. Show us the National Heritage Area through your eyes!

Eligibility - Submission is open to any amateur or professional photographer.

Photographers must be at least 16 years of age to participate. The competition is open to residents and visitors alike. Cache NHA employees, board members, judges, and their immediate families are not eligible to participate.

Contest Categories – The *Capture the Cache Exhibition* is divided into three categories that change every year.

- **Farm-to-Table** - Capture the essence of the farm-to-table journey within the National Heritage Area. Your photos might feature any stage of the agricultural process, such as cows munching on grass in a pasture or farm machinery in action. Highlight a scene from the food production process or the atmosphere at a bustling farmers' market or CSA (community-supported agriculture). Snap a shot of the culinary dining experience, the lively nature of a brewery patio, or the dedicated work of local producers like Hazel Dell Mushrooms. Tell the story of how local produce transitions from farm-to-table in this region.
- **Nature** - Reveal the breathtaking beauty of nature as you perceive it in the National Heritage Area. Your photographs could encompass the serene presence of water, the plethora of wildlife, or a sunrise/sunset. Consider capturing the varied landscapes of the many Natural Areas or raindrops falling on leaves. Each photo should reflect the natural wonders and environments that define this region's ecology.
- **Recreation** - Illustrate the ways people recreate in the National Heritage Area, including hiking along rugged trails, paddleboarding/kayaking across calm waters, or the exhilaration of rock climbing. Did you spend the day enjoying the sunshine at one the many reservoirs, raft down the Poudre, or take your dog to the river? Those pertain to this category. Your photos should convey the Colorado spirit of outdoor activity.
